Girl Scout Birthday Week Activity Calendar

Every year in March we celebrate the Girl Scout birthday by celebrating the week that includes March 12 (the day Girl Scouting was started in Savannah, GA by Juliette Gordon Low). Here are some activities that girls can do to make each day special based on the days of service from the 1966 Cadette Girl Scout handbook. Girls only need to pick one activity a day and then share with their troop what they did. Don't forget to include wearing their Girl Scout uniform to school on March 12.
