

The Benefits of Participation

We are confident you and your family will be pleased with the products offered in our annual Fall Product Sale, and the opportunity for your Girl Scout to sell these items goes beyond the enjoyment of some great products. We hear over and over again from women who were Girl Scouts as children, that they got their first experience in the business world from selling Girl Scout cookies. It is important to realize the developmental assets that have been identified in a Girl Scout Product Sale. These assets are critical to the “growing up” process. With a strong foundation, built during childhood, girls will grow up with the tools they need to set goals and accomplish anything they set their minds to!
