PROGRAM SUPERVISION AND LOGISTICS are a partnership with the group leaders. We will provide a diverse program for all ages that will be run very much like a fair with many booths, presentations, and large group activities. We will have volunteers located throughout the program areas to support the flow of participants and activities. Participants may choose to do as much or little as they like. It is up to the Troop/Group leadership to decide how they want their girls to move around between activities. We will publish a program guide for the weekend.

Other Important Things to Consider...

FOOD Keeping it simple is best! Troops will manage their own meals for the weekend and should spend minimal time with cooking to allow more time to enjoy the program. Ice for coolers will be available for purchase on site. Each participant will receive one meal ticket to be used at either lunch or dinner on Saturday. In addition, we have a vendor that will be available with Pizza on Friday evening. Outdoor cooking fires are not allowed but propane stoves would be an excellent option.

FACILITIES AND EQUIPMENT should be carefully considered. The fairground has multiple flush restrooms that we will supplement with portable johns. Potable water will be available adjacent to all of the tent sites. The fairgrounds will be well lit in the evening but electricity will not be available in the tent area. Each troop will be assigned a grassy area to pitch their tents. Picture a village of tents! The size of your area will depend on the number in your group. Troops are responsible for bringing their own tentage. We encourage you to check with parents, local community resources, and other rental possibilities like REI and EMS.

HEALTH AND SAFETY is a priority! We will have a First Aid Center staffed by Registered Nurses supplemented with First Aid Stations. All participants will have visible identification at the camporee and must check-in and out when entering or leaving the fairgrounds. A team of volunteers will provide night-time surveillance.

TRANSPORTATION & ON-SITE REGISTRATION is a big logistic with this event. We encourage troops to consider coordinating their transportation to the cape. Buses are welcome. A great idea is to have one vehicle with all the gear; one vehicle will be able to drive closer to the tent villages to drop gear. All other vehicles will be parked in a parking lot away from the main areas.

All groups should check in between 3PM and 8PM on Friday night. Tent areas must be set up no later than 10PM. If your troop will be challenged to make these times, please email us to see how we can support you.

VOLUNTEERS ARE NEEDED. PLEASE VISIT THE WEBSITE FOR MORE DETAILS OR EMAIL Camporee @girlscoutseasternmass.org.
